

WINGS FAASafety Team Safety Seminar at KPCM

“ADM” – Aeronautical Decision Making

Saturday June 17, 2023, Starting at 11:00am EDT

Aviation Incidents and Accidents Often Result from Inappropriate Decisions made before, during or after a flight. Yes, even after a flight. What we do, or do not do, after a flight may result in an accident on the next flight.

During this seminar, we will learn more about “ADM”.

Including - What kind of decisions we Should and Must make before, during and after a flight. The result of those decisions, both good and bad, can make for a Safe Flight or can result in a Difficult Flight or worse. We will review Aviation Accidents that Could be Related to an Inappropriate Decision either before or during the flight. We will also review aids that are available to help us in making a safe and proper decision.

Remember: The final and most crucial decision a Pilot must make:

“Go or No Go!”

Pilots of all experience levels are welcome, as are non-pilots that are interested in aviation and aviation safety. These seminars are part of the FAA Safety Program and provide informative presentations including group participation and *WINGS* Knowledge credit.

Fly or Drive to Plant City Airport KPCM 4007 Airport Road Plant City, FL 33563

Check-in at the FBO office for directions to the location of the seminar.

To be part of the event, register online at FAASAFETY.GOV

Due to space limitations, Pre-registering at www.faasafety.gov is required.

***WINGS* credit is available for the seminar. By pre-registering for these seminars, you ensure that you will have a seat and *WINGS* credit is applied correctly to you.**

A *WINGS* sign-in sheet will be at the registration desk. The *WINGS* sign-in sheet certifies your *WINGS* credit for attending the event. Make sure you initial the sign-in sheet next to your name. You may also obtain *WINGS* credit by adding your name, zip code and email address to the blank sign-in sheet at the seminar, but if you do this, please make sure that the information added is legible and the email address you use is registered online at www.faasafety.gov. If you do not currently have an account at www.faasafety.gov, please create one as soon as possible after the seminar, make sure you sign-in and register online with the same email address.

FAASafety Team Representative: Mike Windom; windiman@aol.com

Wings Credit: 1 Credit for Advanced Knowledge Topic 2 plus ½ Credit for Master Knowledge Topic 2

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that a minimum of two weeks is required to arrange services.
